**Re: Dockets 5042 – Revision to Electricity Services Agreement and Request to Schedule
Public Hearing**

Dear Ms. Massaro:

This filing is in response to the discussions that followed the technical session and public hearings on Dockets 5042, Aggregation Plan for the City of Central Falls, and 5047, Aggregation Plan for the Town of Barrington. Those discussions, in conjunction with the recommendation by the Division of Public Utilities and Carriers, indicated the potential for low-income ratepayers to lose access to the financial benefit of the Arrearage Management Plan through their participation in an aggregation program.

The City of Central Falls is seeking to ensure access to their aggregation program regardless of their income and eligibility for low-income ratepayer discounts. In furtherance of this goal, the Town is filing a revised model Electricity Services Agreement (“ESA”), replacing the one filed in response to PUC Data Request 1-8.

In addition to the revised ESA is the City’s Request for the Commission to resume schedule a public hearing on the plan as submitted.

Thank you for your attention to this submission. If there any questions, please contact me at 401-758-7288.

Sincerely,

James G. Rhodes
Counsel for Good Energy, L.P.

Docket No. 5042

REQUEST TO RESUME PLAN REVIEW AND SCHEDULE PUBLIC HEARING

Now comes Petitioner, The City of Central Falls, requesting that the Commission resume its proceedings and schedule a public hearing in the above-referenced docket.

On October 26, 2020, the Commission issued a revised procedural schedule at the request of Petitioner to address the concerns raised in the recommendation of the Division of Public Utilities (“Division”) submitted on September 24, 2020. This recommendation followed the Division’s review of Petitioner’s aggregation plan.

The primary issue of concern was the loss of a statutory benefit, the arrearage management plan, for low-income ratepayers who would be auto-enrolled into the aggregation plan upon its launch. While there is no legal prohibition to this action, it is not sound public policy to launch a program and increase financial risk for those that could least afford it. Thus, Petitioner requested that it be allowed additional time to research and determine what program modifications could address this.

As noted in the Division’s recommendation, the implementation of a Purchase of Receivables program is likely to set up a long-term and sustainable resolution to this issue, which is in the process of being developed in Docket 5073.

In the interim, Petitioner is presenting the attached model Electricity Services Agreement (“ESA”) to demonstrate its intention to implement this program in a manner that does not pose additional financial risk to low-income ratepayers. ESA Article 4, “Termination of Supply Service,” creates a contractual obligation on suppliers with the intention of protecting low-income residents of the City.

Suppliers will need to agree to providing a minimum of fourteen (14) day notice to accounts that their supply service with the aggregation program will be terminated due to nonpayment. At that point the accounts will be returned to utility supply service or an alternative supplier should it be authorized by the customer. In exchange for the right to remove customers from aggregation supply service to alternative supply due to nonpayment, the supplier will be prohibited from pursuing collections on unpaid bills of those enrolled at the A-60 rate class. The customer will be prohibited from returning to the aggregation program under the current supply contract while there is an outstanding balance on their account.

Petitioner believes that this approach should prevent any financial hardship from accruing to low-income ratepayers within the program. While an A-60 ratepayer participates in the aggregation program, they will be able to avail themselves of all program benefits, including optional supply products, stable electricity rates, and, potentially, a supply rate lower than the National Grid's Last Resort Service. In the event of non-payment, they will be returned to Last Resort Service at the supplier's discretion after notice is provided. Upon returning to Last Resort Service, the customer will carry their distribution arrearage to National Grid from their time participating in the aggregation plan, and then accrue additional costs only from National Grid for both distribution and supply service costs. All these accrued costs will be subject to the arrearage management plan. The costs not eligible to be forgiven via the arrearage management plan, specifically the supply service costs for the period during which they participated in the aggregation plan, will continue to be held by the supplier who is prohibited from initiating independent collections. Thus, low-income customers will not be financially disadvantaged from their participation the in the aggregation program.

This revision to the ESA is not a fundamental change to the program. There is no alteration to who can participate in the program or the operation of the program as a whole. Therefore, the plan itself is not being revised and has not been subject to further City Council review. The final ESA will be a product of future discussion between the Petitioner and the eventual supplier, and subject to state and local laws, ordinances and rules governing the approval of municipal contracts, including authorization by the Council.

THEREFORE, the Petitioner hereby respectfully requests that the Commission convene a pre-hearing conference and establish a procedural schedule that allows for sufficient time for the Division and other parties to respond to this filing and hold a public hearing as required by statute prior to determining whether to approve the plan as filed.

Respectfully submitted,
CITY OF CENTRAL FALLS

ARTICLE 2 RIGHTS GRANTED

2.1 GENERAL DESCRIPTION AND LIMITATIONS

For the avoidance of doubt, Competitive Supplier shall be authorized to supply All-Requirements Power Supply only to Participating Consumers, and the Local Distributor will continue to have the right and obligation to supply electricity to Eligible Consumers who opt-out of the Program and remain on, or return to, Standard Offer Service, until changes in law, regulation or policy may allow otherwise. Competitive Supplier further recognizes that this ESA does not guarantee that any individual Eligible Consumer will be served by the Competitive Supplier.

In accordance with Article 3 below, all Eligible Consumers shall be automatically enrolled in the Program unless they choose to opt-out. As between the Parties, the Competitive Supplier has the sole obligation of making appropriate arrangements with the Local Distributor, and any arrangements which may be necessary with the ISO-NE so that Participating Consumers receive the electricity supplies to be delivered pursuant to this ESA.

The Municipality shall specifically authorize the Local Distributor to provide, and Competitive Supplier the right to obtain and utilize as required, all billing and energy consumption information for Participating Consumers as is reasonably available from the Local Distributor. Competitive Supplier shall request consumption data for individual Participating Consumers from the Local Distributor via EDI. If further action is required by the Local Distributor to authorize Competitive Supplier to receive such consumption and billing data, the Municipality agrees to use Commercially Reasonable efforts, at Competitive Supplier's cost, to assist Competitive Supplier, if so requested by it, in obtaining such information for Participating Consumers, including, without limitation, assisting Competitive Supplier in obtaining permission from such Eligible Consumers and/or the Department, where necessary as a prerequisite to the provision of such information. Competitive Supplier shall not be responsible for any errors that Competitive Supplier makes in the provision of All-Requirements Power Supply to the extent both that: 1) such errors are caused by errors or omissions in the information provided to it by the Local Distributor; and 2) it was reasonable for the Competitive Supplier to rely upon that provided information. The Municipality shall not be responsible for any such errors by the Competitive Supplier in any event.

2.2 NO THIRD PARTY BENEFICIARIES

This ESA does not and is not intended to confer any rights or remedies upon any person other than the Parties. This ESA facilitates rights under R.I. Gen. Laws § 39-3-1.2 for Eligible Consumers to purchase electricity from the Competitive Supplier in accordance with the Plan and this ESA. The Municipality has the right, but not the obligation, to advocate on

Electric Service Agreement

behalf of the Eligible Consumers interested in contracting for electric supply and on behalf of all Participating Consumers, unless otherwise prevented by law.

2.3 COMPLIANCE WITH LAWS

By entering into this ESA, the parties specifically represent that they have exercised due diligence to review and have fully complied with all relevant regulations and orders of the PUC, Division and any other governmental authorities having jurisdiction over any element of the transactions contemplated by this ESA. Competitive Supplier specifically represents that it has exercised due diligence to review and has fully complied with all relevant regulations and orders of the Federal Energy Regulatory Commission (“FERC”).

Any other use of Eligible Consumer data without the prior written consent of the Municipality is strictly prohibited. Pursuant to such authorized use, Competitive Supplier may share such Eligible Consumer data with Associated Entities as reasonably necessary to accommodate Competitive Supplier's

Electric Service Agreement

provision of All-Requirements Power Supply or other performance pursuant to this ESA (including, without limitation, collection of receivables), provided that Competitive Supplier will take reasonable measures to inform any such Associated Entities of the confidential nature of such data and the restrictions set forth in this Article 2.5 and elsewhere in this ESA. Except as expressly provided in this ESA, and as otherwise permitted by law, Competitive Supplier and its Associated Entities shall not disclose any Eligible Consumer data to any third-party and Competitive Supplier and its Associated Entities shall take all Commercially Reasonable measures to protect Eligible Consumer data from access by, or beneficial use for, any third-party. To the extent that the provision of All-Requirements Power Supply or other services under this ESA requires that Competitive Supplier and its Associated Entities have access to or make use of any Eligible Consumer data, Competitive Supplier and its Associated Entities shall treat such Eligible Consumer data as confidential information. Competitive Supplier may use Eligible Consumer data to engage in direct marketing only during the term of this ESA and subject to the terms set forth in Article 18.2. ARTICLE 3 CONSUMER CHOICE, NOTIFICATION OF RIGHTS, ENROLLMENT

3.1 CONSUMER CHOICE

The Parties acknowledge and agree that all Participating Consumers have the right, pursuant to R.I. Gen. Laws § 39-3-1.2 and the Program, to change their source of electricity supply, as set forth in Article 2.1. The Parties represent and warrant to each other that they shall not unreasonably interfere with the right of Participating Consumers to opt-out of the Program, and shall comply with any rules, regulations or policies of the Commission, the Local Distributor, the Division and/or other lawful Governmental Authority regarding the procedures for opting out or of switching from one source of electric supply to another. Notwithstanding the foregoing, however, the Parties may take Commercially Reasonable measures to encourage Participating Consumers to affirmatively agree to remain in the Program, consistent with any Governmental Rules.

3.2 NOTIFICATION TO ELIGIBLE CONSUMERS FOR NEW AGGREGATION

In the event the Municipality is launching a new aggregation, all Eligible Consumers will, as of the Service Commencement Date, be automatically enrolled in the Program under the terms of this Agreement unless they opt-out. The Local Distributor or the Municipality will provide to Competitive Supplier a list of all Eligible Consumers as of the Effective Date including service and billing addresses. Competitive Supplier shall notify each Eligible Consumer :

- (i) about the Program;

Electric Service Agreement

- (ii) of the date on which such Eligible Consumer will be automatically enrolled in the Program;
- (iii) that the Competitive Supplier will be providing All-Requirements Power Supply to such Eligible Consumer as of the same date, subject to the opt-out provisions of R.I. Gen. Laws § 39-3-1.2, and the Plan; and
- (iv) of the opt-out procedures under the Plan and as required by the Department.

The Municipality shall specify the design and content of the notice of the opt-out procedures (the “Opt-Out Notice”) which may be in color and may include 2 pages in addition to the reply form and language access document, but shall not exceed 2 ounces in weight. Competitive Supplier shall review the Opt-Out Notice and notify the Municipality of any comments or concerns regarding the form or content of the notice. Once the design and content of the notice are finalized, Competitive Supplier shall, at its cost and in accordance with the approved design and content, prepare, print and mail to each Eligible Consumer the Opt-Out Notice at least thirty six (36) days prior to the date of automatic enrollment. The Opt-Out Notice shall:

- i) prominently state all charges to be assessed by the Competitive Supplier;
- ii) provide a summary of the prices and terms included in Exhibit A;
- iii) fully disclose the prices and terms then being offered for Standard Offer Service by the Local Distributor;
- iv) state how an Eligible Consumer may opt-out of the Program prior to enrollment and remain on Standard Offer Service from the Local Distributor;
- v) state how all Participating Consumers, subsequent to enrollment, will also have the right to opt-out at any time and return to Standard Offer Service or choose a new Competitive Supplier without paying a fee, charge or penalty; and
- vi) include a reply card and postage-paid envelope that Eligible Consumers may use to exercise their opt-out rights.

All Eligible Consumers who do not elect to opt-out of the Program shall then be deemed Participating Consumers and shall be entitled to receive electric supply at the prices listed in Exhibit A and pursuant to the terms and conditions of this Agreement.

If any Opt-Out Notices are returned as undeliverable, the Competitive Supplier shall promptly make commercially reasonable efforts to identify a correct mailing address and re-send the Opt-Out Notice. The Municipality shall make Commercially Reasonable efforts to assist the Competitive Supplier with identifying correct mailing addresses.

Once enrolled in the Program pursuant to the procedures described in this Agreement, Participating Consumers may opt out at any time without paying any fee, charge or penalty.

The Parties acknowledge that any low income discounts provided by the Local Distributor to low income consumers are not impacted by this Agreement.

3.3 NOTIFICATION TO NEW CONSUMERS AFTER PROGRAM LAUNCH

Electric Service Agreement

Throughout the term of this Agreement Competitive Supplier shall maintain a Master Opt Out File, as described in Article 11, that includes accurate records of a) all consumers in the Municipality that opted out prior to enrollment and after receiving an Opt-Out Notice and b) all consumers that left the Program for any reason after they were enrolled in the Program. Once each month throughout the term of this Agreement, or as otherwise agreed to by the Parties, the Competitive Supplier shall request from the Local Distributor an updated file that includes all consumers in the Municipality that are receiving supply from the Local Distributor at Standard Offer Service rates (hereinafter the “Updated LDC Standard Offer Service File”). Once each month Competitive Supplier shall create a Refresh Mailing List of New Customers that shall include all consumers in the Updated LDC Standard Offer Service File and exclude all consumers listed in the Master Opt Out File.

In accordance with the requirements of any applicable Governmental Rules, Competitive Supplier shall notify such New Consumers listed in the Refresh Mailing List (i) of the date on which such New Consumers will be automatically enrolled in the Program, and (ii) that the Competitive Supplier will be providing All- Requirements Power Supply to such New Consumers as of the same date, subject to the opt-out provisions of the R.I. Gen. Laws § 39-3-1.2, the Plan, and the Program Opt-Out Notice. Competitive Supplier shall mail the aforementioned notice and an Opt-Out Notice, as described in Article 3.1, to each New Customer listed in the Refresh Mailing List no later than sixty (60) after the Service Commencement Date and then once every month thereafter for the balance of the term of the Agreement, or as otherwise agreed to by the Parties. The Opt-Out Notice shall be mailed to each such New Consumer prior to the date of automatic enrollment in accordance with the requirements of the Plan. All Opt-Out Notices must be approved in advance by the Municipality. Competitive Supplier shall enroll New Customers in the Program immediately following the deadline stated in the Opt-Out Notice as described in Article 3.2.

In providing the notifications set forth in Articles 3.2 and 3.3, and in otherwise conducting the activities in Article 3.5 below, the Competitive Supplier must rely upon information provided to it by the Local Distributor for the purpose of performing its obligations. Competitive Supplier will not be responsible for any errors in connection with its notification to Eligible Consumers or New Consumers only to the extent both that: 1) such errors are caused by errors or omissions in the information provided to it by the Local Distributor; and 2) it was reasonable for the Competitive Supplier to rely upon that provided information. The Municipality shall not be responsible for any such errors by the Competitive Supplier in any event.

3.4 CONSUMER AWARENESS

Upon mutual agreement of the Parties concerning the content and method, either the Competitive Supplier or Good Energy, L.P. may conduct consumer awareness efforts at its sole expense.

3.5 ENROLLMENT

Electric Service Agreement

3.5.1 Participating Consumers - All Participating Consumers as of the Effective Date will continue to be enrolled in the Program under the terms of this ESA unless they opt-out during the period specified in the Plan. The Municipality shall authorize the Local Distributor to provide to Competitive Supplier a list of Participating Consumers as of the Effective Date, as well as such Participating Consumer's service and billing addresses, and any other information necessary for Competitive Supplier to commence All-Requirements Power Supply to such Participating Consumers as of the Service Commencement Date.

3.5.2 New Consumers - If New Consumers elect not to opt-out of the Program as provided in Articles 3.2 and 3.3, such New Consumers will be automatically enrolled by Competitive Supplier in the Program. Competitive Supplier shall enroll such New Consumers in accordance with applicable Department and Local Distributor rules. Residential and small commercial New Customers shall be enrolled in the Program at the rates reflected in Exhibit A. All other New Consumers shall be enrolled at a price determined by the Competitive Supplier based on then-prevailing market conditions.

3.5.3 Re-enrollment by Eligible Consumers - At any time during this ESA, Eligible Consumers who have previously opted out of the Program may request that they be re-enrolled in the Program. Competitive Supplier shall provide All-Requirements Power Supply to such Eligible Consumers at a price determined by the Competitive Supplier based on then-prevailing market conditions. The Competitive Supplier shall be responsible for enrolling all Eligible Consumers through EDI transactions submitted to the Local Distributor for initial enrollment in the aggregation and all enrollments thereafter.

3.5.4 Eligible Consumers Served by Third-Parties - Consumers being served under other competitive supply programs offered by third-parties will not be automatically enrolled as Participating Consumers under this ESA when such program terminates or is otherwise completed. Competitive Supplier agrees that Consumers under such third-party competitive supply programs may affirmatively opt-in and receive All-Requirements Power Supply. Residential and small commercial Consumers which opt-in shall be enrolled in the Program at the rates reflected in Exhibit A. All other Consumers that opt-in shall be enrolled at a price determined by the Competitive Supplier based on the then-prevailing market conditions.

ARTICLE 4 - TERMINATION OF SUPPLY SERVICE

4.1 PURCHASE OF RECEIVABLES

All Parties are fully aware that Docket 5073 has been opened at the Commission. This docket may result in the creation of a Purchase of Receivables program. At such time that a Purchase of Receivables Program is in place in Rhode Island, the Parties agree to follow the terms and conditions of that program, and any other applicable regulations or tariff provisions as approved by the Public Utilities Commission replacing Article 4 of this Agreement.

Electric Service Agreement

4.2 TERMINATION OF SUPPLY SERVICE DUE TO NON-PAYMENT

If a customer does not pay the bill by the due date, Supplier may terminate supply service after giving Customer a minimum of fourteen (14) days written notice. Upon termination of service, Customer will be returned to Last Resort Service, or they may choose another competitive supplier. Customer will remain responsible for all electricity used during participation in the program until such time as this Contract expires. Until such time as arrears are paid, any Customer who has had service terminated shall be ineligible for re-enrollment in the program.

4.3 PROHIBITION ON COLLECTIONS

Any customer participating in the program at the A-60 rate class shall not be subject to collections activity either by Supplier or a Third-Party for arrears that may be due after supply service has been terminated.

4.4 REPORTING REQUIREMENT

Consistent with Article 12.1.1 of this Agreement, Competitive Supplier shall provide as part of its monthly report a complete list of all customers whose supply service has been terminated including the date which notice was provided to those customers.

ARTICLE 5 TERM OF CONTRACT AND TERMINATION

5.1 TERM

This ESA shall commence on the Effective Date, provided, however, that Competitive Supplier's obligation to provide All-Requirements Power Supply shall commence on the Service Commencement Date, and shall terminate as of the last day of the Delivery Term as stated in Exhibit A, unless terminated earlier under Article 5.2 below ("Term").

5.2 TERMINATION

This ESA may be terminated at any time upon written notice:

- a) by the Municipality, or the Competitive Supplier, if the other Party fails to remedy or cure any breach of any material provision or condition of this ESA (including, but not limited to, Article 2.5 and Article 10, but excluding the failure to provide or arrange for All-Requirements Power Supply, which is addressed in Article 5.2(d)), within sixty (60) days following written notice to do so by the non-breaching party; or
- b) by the Municipality, or the Competitive Supplier, if any material provision or condition of this ESA be finally adjudged invalid by any court of competent jurisdiction, or if the

Electric Service Agreement

Department exercises any lawful jurisdiction so as to invalidate or disapprove this ESA in whole or in significant part; or

c) by the Municipality, (i) if an order is entered against the Competitive Supplier approving a petition for an arrangement, liquidation, dissolution or similar relief relating to Bankruptcy or insolvency and such order remains unvacated for thirty (30) days; or (ii) immediately if the Competitive Supplier shall file a voluntary petition in Bankruptcy or any petition or answer seeking any arrangement, liquidation or dissolution relating to Bankruptcy, insolvency or other relief for debtors or shall seek, consent to, or acquiesce in appointment of any trustee, receiver, or liquidation of any of Competitive Supplier's property; or

d) notwithstanding the foregoing, the failure of Competitive Supplier to provide or arrange for All-Requirements Power Supply to Participating Consumers, in the absence of Force Majeure or the Municipality's failure to perform, shall constitute an act of default, and the Municipality may terminate this Agreement upon giving written notice and without a cure period. In the event the Competitive Supplier has performed its obligations hereunder and its failure to arrange for or provide All-Requirements Power Supply is a direct result of actions or non-actions by any transmission service provider, the Local Distributor, or the ISO-NE, the Competitive Supplier's failure shall not be deemed to be an act of immediate default and would be subject to remedy or cure as provided in Article 5.2(a).

5.3 OBLIGATIONS UPON TERMINATION

Following termination of this ESA, the Parties shall each discharge by performance all obligations due to any other Party that arose up to the date of termination of the ESA and Competitive Supplier shall continue to have the right to collect all monies due for services rendered to that date. If Municipality has chosen a new supplier for its Program, Competitive Supplier shall assist in the transition to the new supplier by providing all Program information in its possession to the Municipality or the new supplier on a timely basis, including all updated reports pursuant to Article 12 and Exhibit B, excluding any information proprietary to the Competitive Supplier.

The Competitive Supplier specifically waives all rights it may have at law to claim that the Municipality has no standing or otherwise lacks the authority to seek monetary damages on behalf of individual Participating Consumers in the event of a breach of the ESA by the Competitive Supplier. The Competitive Supplier shall submit all consumer drops via EDI to the Local Distributor.

5.4 EXTENSION

The ESA may be extended beyond the termination date established in Article 5.1 by mutual, written agreement of the Parties. Any new pricing terms shall be added to and replace Exhibit A as Exhibit A-2. Upon any such extension, this ESA shall continue to be in effect, and all provisions of the ESA shall retain the same force and effect as before the extension, unless it is terminated by either Party pursuant to the provisions of Article 4.2 or until the date stated

Electric Service Agreement

in such extension.

ARTICLE 6 CONTINUING COVENANTS

The Competitive Supplier agrees and covenants to perform each of the following obligations during the term of this ESA.

6.1 STANDARDS OF MANAGEMENT AND OPERATIONS

In performing its obligations hereunder, during the term of this ESA, the Competitive Supplier shall exercise reasonable care and comply with all applicable Governmental Rules; and shall exercise all reasonable efforts to assure that its facilities are prudently and efficiently managed; that it employs an adequate number of competently trained and experienced personnel to carry out its responsibilities; that it delivers or arranges to deliver an uninterrupted supply of such amounts of electricity to the Point of Delivery as are required under this ESA; that it complies with all relevant industry standards and practices for the supply of electricity to Participating Consumers; and that, at all times with respect to Participating Consumers, it exercises good practice for a Competitive Supplier and employs all Commercially Reasonable skills, systems and methods available to it.

6.2 CUSTOMER SERVICE ACCESS

The Competitive Supplier agrees to provide, or cause to be provided, certain customer services to Participating Consumers. Such services shall be reasonably accessible to all Participating Consumers, shall be available during normal working hours, shall allow Participating Consumers to transact business they may have with the Competitive Supplier, and shall serve as a communications liaison among the Competitive Supplier, the Municipality, and the Local Distributor. A toll-free telephone number will be established by Competitive Supplier and be available for Participating Consumers to contact Competitive Supplier during normal business hours (9:00 A.M.- 5:00 P.M. Eastern Time, Monday through Friday) to resolve concerns, answer questions and transact business with respect to the service received from Competitive Supplier. The Municipality will post program-related information on the Municipality's website which will be available to Participating Consumers for general information, product and service information, and other purposes.

6.3 RESPONDING TO REQUESTS FOR INFORMATION

To the extent authorized by the Participating Consumer(s) and to the extent such individual permission is required by law, the Competitive Supplier shall, during normal business hours (as set forth above), respond promptly and without charge therefore to reasonable requests of the Municipality for information or explanation regarding the matters covered by this ESA and the supply of electricity to Participating Consumers. Competitive Supplier agrees to designate a service representative or representatives (the "Service Contacts") who shall be available for these purposes, and shall identify the office address and telephone number of

Electric Service Agreement

such representative(s). Whenever necessary to comply with this Article 6.3, the Service Contacts shall call upon other employees or agents of the Competitive Supplier to obtain such information or explanation as may be reasonably requested. Nothing in this Article 6.3 shall be interpreted as limiting the obligation of the Competitive Supplier to respond to complaints or inquiries from Participating Consumers, or to comply with any provision of the Plan or regulation of the Department or Attorney General regarding customer service.

6.4 ARRANGING FOR FIRM ALL-REQUIREMENTS POWER SUPPLY

Competitive Supplier shall participate in or make appropriate arrangements with the ISO-NE, any relevant regional transmission organization, wholesale suppliers or any other entity to ensure an uninterrupted flow of firm All-Requirements Power Supply (free of all claims, security interests or others encumbrances) to the Local Distributor for delivery to Participating Consumers, and exercise all Commercially Reasonable efforts to cooperate with the NEPOOL, the ISO-NE or any other entity to ensure a source of back-up power in the event that Competitive Supplier is unable to deliver All-Requirements Power Supply to the Point of Delivery. In the event the Competitive Supplier is unable to deliver sufficient electricity to the grid to serve Participating Consumers, the Competitive Supplier shall make all such arrangements and exercise all Commercially Reasonable efforts as may be necessary to continue to serve Participating Consumers under the terms of this ESA, and shall bear any costs it may incur in carrying out these efforts and obligations. Competitive Supplier shall not be responsible to the Municipality or any Participating Consumers in the event that, through no fault of the Competitive Supplier or its Associated Entities, the Local Distributor disconnects, curtails or reduces service to Participating Consumers (notwithstanding whether such disconnection is directed by the ISO- NE)

6.5 NON-DISCRIMINATORY PROVISION OF SERVICE

Competitive Supplier shall supply electric energy to the Point of Delivery to all Eligible Consumers on a non-discriminatory basis; provided, however, that those prices and other terms may vary in accordance with reasonably established rate classifications (e.g., residential, commercial, municipal, industrial) or by such other categories as appear in Exhibit A. To the extent applicable, Competitive Supplier's prices, terms and conditions shall be in accordance with the Rhode Island General Laws, the regulations of the Department, and other applicable provision of law. To the extent required by law and/or the conditions of any Governmental Authority approval of this ESA, the Competitive Supplier may not deny service to an Eligible Consumer for failure to pay the bills of any other electric company (whether engaged in the distribution, transmission, or generation of electricity) or of any other aggregator, marketer or broker of electricity, but may reasonably deny or condition new service, or terminate existing service, based upon any Participating Consumer's failure to pay bills from the Competitive Supplier, subject to any provisions of law or applicable PUC orders or regulations, or Division rules and regulations. Provision of electric energy supply shall be subject to Competitive Supplier's standard credit policies, to the extent permitted by law, as described in Exhibit A.

6.6 APPROVAL OF GENERAL COMMUNICATIONS

Competitive Supplier shall cooperate with the Municipality in the drafting and sending of messages and information to Eligible Consumers concerning the Program or any matter arising under or related to this ESA. Competitive Supplier shall provide a copy of such communications to the Municipality for its review to determine whether it is consistent with the purposes and goals of the Municipality, prior to sending, whether directly or through its Associated Entities, any direct mail, advertising, solicitation, bill insert, electronic mail, or other similar written or electronic communication (collectively, "General Communications") to Participating Consumers (but excluding individually drafted or tailored communications responding to the specific complaint or circumstance of an individual consumer). The Municipality shall have the right to disapprove such General Communications and suggest revisions if it finds the communication inconsistent with the purposes and goals of the Municipality, factually inaccurate or likely to mislead; provided, however: (i) that the communication shall be deemed approved if the Municipality fails to respond within seven (7) calendar days after receipt (not including weekends and holidays); and (ii) that no approval shall be necessary for any communication (a) regarding any emergency situation involving any risk to the public health, safety or welfare; (b) which has been approved by the Public Utilities Commission or any other Governmental Authority; or (c) in the nature of routine monthly or periodic bills, or collection notices, except that any bill insert or message included at the bottom of such bill not within the scope of (a) or (b) above shall require approval. If the Municipality objects to any General Communication on the grounds it is inconsistent with the purposes and goals of the Municipality, the Competitive Supplier, after consultation as provided in this Article 6.6, may nevertheless elect to send such General Communication provided that it: (i) clearly indicates on such mailing that it has not been endorsed by the Municipality, (ii) has previously provided all Participating Consumers a meaningful chance to opt not to receive such General Communications, (iii) has stated in connection with such chance to opt not to receive such communications that "the Municipality wants to protect Eligible Consumers from receiving marketing materials if you do not wish to do so," and (iv) has otherwise sought input from the Municipality as to the means by which Eligible Consumers are given a chance to remove their names from any list which may receive General Communications. The Municipality may reject or exclude any proposed General Communication that, in its reasonable judgment, is contrary to the interests and objectives of the Program or the Municipality.

The Competitive Supplier may only communicate with Participating Consumers and/or use the lists of Eligible Consumers and Participating Consumers to send educational materials, opt-out notices or other communications essential to the operation of the Program at the direction of the Program. Such lists may not be used by the Competitive Supplier to market any additional products or services to Eligible Consumers or Participating Consumers

6.7 COMMUNICATION OF INSERTS AND MESSAGES

Competitive Supplier agrees that if it communicates with Participating Consumers directly,

Electric Service Agreement

and unless prevented for regulatory or other such reasons from doing so, it shall allow the Municipality to include no less than three (3) inserts per year into such communications, provided that the Municipality pays the cost of printing and reproducing such insert and any incremental postage or handling costs the Competitive Supplier may incur as a result of including such insert. Competitive Supplier shall have the right to disapprove such General Communications (that is communications other than those pertaining to the Municipality's demand-side management, energy efficiency programs and technology, and renewable energy programs, if applicable) and suggest revisions if it finds the communication inconsistent with its business interests, factually inaccurate or likely to mislead; provided, however: (i) that the communication shall be deemed approved if the Competitive Supplier fails to respond within seven (7) calendar days after receipt (not including weekends and holidays); and (ii) that no approval shall be necessary for any communication which has been ordered by the Public Utilities Commission or any other Governmental Authority to be so communicated.

6.8 PARTICIPATING CONSUMER LISTS

6.8.1 Consumer Lists

To the extent not prohibited by any Governmental Rule or expressly by any Participating Consumer(s), the Competitive Supplier shall, upon request of the Municipality, provide a list of the Participating Consumers being served by the Competitive Supplier, including such reasonable identifying and aggregate consumption information as the Municipality may also request to the extent such information is available to Competitive Supplier. Competitive Supplier shall provide such Participating Consumer lists in an electronic format reasonably acceptable to both Parties and with no more frequency than once a month.

6.9 COMPLIANCE WITH LAWS

The Parties shall promptly and fully comply with all existing and future Governmental Rules of all Governmental Authorities having jurisdiction over the activities covered by this ESA.

6.10 CONSENT

Whenever performance of an obligation of any Party hereto requires the consent or approval of any Governmental Authority, such Party shall make Commercially Reasonable efforts to obtain such consent or approval. In the event the Competitive Supplier requests the Municipality's assistance in obtaining such consent or approval and the Municipality anticipates that it will incur costs in fulfilling the Competitive Supplier's request, it shall give the Competitive Supplier an estimate of such costs. Upon receiving the estimate, Competitive Supplier shall determine whether it will continue to request the Municipality's assistance, and if so, the Competitive Supplier shall reimburse the Municipality for all costs, up to the estimated dollar amount, reasonably incurred by the Municipality in connection with such efforts.

Electric Service Agreement

ARTICLE 7 ROLE OF THE MUNICIPALITY

Under this ESA, the Municipality shall not actually receive, take title to, or be liable for the supply or delivery of All-Requirements Power Supply in any manner whatsoever. The Parties specifically agree that the role of the Municipality is established under R.I. Gen. Laws § 39-3-1.2 and includes negotiating the terms and conditions under which All-Requirements Power Supply will be provided by the Competitive Supplier under this ESA. It is the sole obligation of the Competitive Supplier to arrange for delivery of All-Requirements Power Supply to Participating Consumers. The Parties agree that Municipality is not an "electric distribution company", "electric transmission company", "distribution facility", "public utility", or "transmission facility" within the meaning of R.I. Gen. Laws § 39-1-2 as a result of this ESA, unless a court, the Commission, or other lawful authority shall adjudicate to the contrary; provided, however, that the Municipality may be considered to be operating a municipal load aggregation plan pursuant to R.I. Gen. Laws § 39-3-1.2. The Competitive Supplier hereby agrees that it will take no action, whether directly or through its Associated Entities, which would make the Municipality liable to any Participating Consumer due to any act or failure to act on the part of the Competitive Supplier or its Associated Entities relating to the delivery or supply of All-Requirements Power Supply.

ARTICLE 8 PRICES AND SERVICES; BILLING

8.1 SCHEDULE OF PRICES AND TERMS

Competitive Supplier agrees to provide All-Requirements Power Supply and other related services as expressly set forth herein in accordance with the prices and terms included in Exhibit A to this ESA, which Exhibit is hereby incorporated by reference into this ESA.

8.2 OBLIGATION TO SERVE

As between the Parties, Competitive Supplier has the sole obligation to obtain sources of supply, whether from generating facilities owned or controlled by its affiliates, through bilateral transactions, or the market, as may be necessary to provide All-Requirements Power Supply for all of the Participating Consumers under the Program. Competitive Supplier, except as explicitly limited by the terms included in Exhibit A, shall be obligated to accept all Participating Consumers, regardless of their location or energy needs provided such Participating Consumers are eligible under the applicable regulations and tariffs of the Local Distributor.

8.3 METERING

The Local Distributor will be responsible for any metering which may be required to bill Participating Consumers in accordance with the Local Distributor's Terms and Conditions for Competitive Suppliers.

Electric Service Agreement

8.4 TERMS AND CONDITIONS PERTAINING TO INDIVIDUAL ACCOUNT SERVICE

8.4.1 Title

Title to All-Requirements Power Supply will transfer from Competitive Supplier to Participating Consumers at the Point of Sale. In accordance with the Local Distributor's Terms and Conditions for Competitive Suppliers, the Competitive Supplier will be responsible for any and all losses incurred on the local network transmission systems and distribution systems, as determined by the Local Distributor.

8.4.2 Billing and Payment

Unless otherwise specified in an Exhibit to this ESA, all billing under this ESA shall be based on the meter readings of each Participating Consumer's meter(s) performed by the Local Distributor. Competitive Supplier shall, or shall cause the Local Distributor or any other entity, to prepare and mail bills to Participating Consumers monthly. If the Competitive Supplier arranges for the Local Distributor to perform billing services, the Competitive Supplier shall adopt the billing and payment terms offered by the Local Distributor to its Eligible Consumers on Standard Offer Service unless the Competitive Supplier and Local Distributor otherwise agree. Any over-charge or under-charge will be accounted for in the next billing period for which actual meter data is available.

8.4.3 Regional and Local Transmission

The prices quoted in Exhibit A do not include current and future charges for distribution service costs collected by the Local Distributor under its distribution service tariff or local transmission costs as may be imposed by the regional power pool, ISO-NE, or individual electric utilities that have FERC transmission tariffs. The Competitive Supplier understands that these costs will be collected by the Local Distributor. If, in the future, Competitive Supplier becomes responsible for such distribution or transmission costs, Competitive Supplier shall be entitled to collect such costs from Participating Consumers to the extent permitted by any Governmental Rules. These costs are "pass through" costs as determined by the appropriate regulatory agencies.

8.4.4 Taxes

All sales, gross receipts, excise or similar taxes imposed with respect to the sale or consumption of All-Requirements Power Supply shall be included on the Participating Consumer's bill and shall be remitted to the appropriate taxing authority by Competitive Supplier. Participating Consumers shall be responsible for all taxes that are required by law to be imposed upon a purchaser of electricity and are associated with electricity consumption under the ESA. Participating Consumers shall be responsible for identifying and requesting any exemption from the collection of any tax by providing appropriate documentation to Competitive Supplier. For avoidance of doubt, Competitive Supplier shall be responsible for

Electric Service Agreement

all taxes imposed on Competitive Supplier's income.

ARTICLE 9 DEVELOPMENT OR OFFERING OF RENEWABLE ENERGY SOURCES

9.1 RENEWABLE ENERGY STANDARD

Competitive Supplier agrees that it, and its Associated Entities directly or indirectly involved in providing services or meeting the Competitive Supplier's obligations under the ESA, will comply with the applicable provisions of R.I. Gen. Laws § 39-26 et. seq., and any regulations, orders or policies adopted pursuant thereto.

9.2 PROVISION OF GREEN POWER

Competitive Supplier will enter into a REC Purchase Agreement ("RPA") with Green Energy Consumers Alliance, Inc. ("REC Supplier") attached hereto as Exhibit C. Pursuant to the RPA, REC Supplier will provide, and Competitive Supplier will purchase, renewable energy certificates (RECs) in a quantity sufficient to support the Municipality's opt-out and opt-in programs as described in Exhibit A of the RPA. Competitive Supplier shall include the REC's purchased from the REC Supplier in the All Requirements Power Supply to be provided to the Municipality under the ESA. Competitive Supplier shall include all costs of such RECs in the price for All Requirements Power Supply as provided in Exhibit A of this ESA. In the event REC Supplier defaults under, or terminates, the RPA prior to the termination of this ESA, Competitive Supplier shall procure and provide Replacement RECs for the continuing term of the ESA sufficient to support the Municipality's opt-out and opt-in programs as described in Exhibit A of the RPA. The prices included in Exhibit A of the ESA shall not be subject to modification because Competitive Supplier is required to provide Replacement RECs.

ARTICLE 10 SERVICE PROTECTIONS FOR RESIDENTIAL CONSUMERS

Competitive Supplier agrees that it and its Associated Entities shall comply with the provisions of 810-RICR-10-00-1, 815-RICR-30-05-1 and 815-RICR-30-05-02, as applicable to Competitive Suppliers, and any amendments thereto, and any code of conduct or policies that may be adopted by a Governmental Authority. The Competitive Supplier shall, at least 30 days prior to the Service Commencement Date, provide a written description of its billing and termination procedures, customer services, confidentiality and related practices and procedures. Such written description shall also include the Competitive Supplier's plans for complying with the "opt-out" provisions of R.I. Gen. Laws § 39-3-1.2; and for handling consumer complaints, including any arbitration procedures. If the Participating Consumer(s) so permit(s) or to the extent such permission is required by law or the terms of any Governmental Authority order with respect to this ESA, the Competitive Supplier agrees to provide notice to the Municipality of any consumer complaints received from a Participating Consumer, and the Municipality shall have the right, but not the obligation, to participate in resolution of the dispute, to the extent that such complaints relate directly to the Program,

Electric Service Agreement

and to the extent permitted by Commission or Division regulations and other applicable law. The use of practices and procedures which materially fail to comply with Commission or Division regulations and policies shall be deemed grounds for termination of this ESA, at the discretion of the Municipality after providing written notice of such failure to the Competitive Supplier and allowing the Competitive Supplier sixty (60) days to cure such failure.

In addition, and in accordance with R.I. Gen. Laws § 39-1-27.1 and 815-RICR-30-05-1.5, in the event of a dispute regarding an invoice or Competitive Supplier's service, whether directly or through its Associated Entities, under this ESA, a Participating Consumer may contact the Division consistent with the provisions of 815-RICR-30-05-1.5.

ARTICLE 11 NON-DISCRIMINATION IN HIRING AND EMPLOYMENT

Competitive Supplier agrees that it shall conduct its operations and activities under this ESA in accordance with all applicable state and federal laws regarding non-discrimination in hiring and employment of employees.

ARTICLE 12 POWER SUPPLY INFORMATION AND ACCESS TO INFORMATION

12.1 POWER SUPPLY INFORMATION

12.1.1 Monthly Reports

Competitive Supplier shall provide the Municipality or its agent with monthly reports as described in Exhibit B. The monthly reports will be due to the Municipality or its agent within thirty (30) days following the last day of each month. The aggregate kWh sales and number of Participating Consumer accounts shall be listed in the report both by rate code and rate name as shown on Exhibit B attached hereto. This information shall be provided in electronic format.

Additionally, Competitive Supplier shall note any customer dropped from the program consistent with the terms of Article 4 of this Agreement including the date on which notice was sent and date that service was terminated.

12.1.2 Consumer-Related Data

On and after the Service Commencement Date, Competitive Supplier will maintain consumer-related data in electronic form including utility account number, billing name, billing address, service address historical usage, demand, and ICAP (Installed Capacity) data. Competitive Supplier will make such data available to the Municipality or its agent upon request within forty-five (45) days of the request. A violation of this Article 12.1.2 shall be

Electric Service Agreement

grounds for termination under Article 5.2(a).

12.1.3 Standard of Care

Competitive Supplier shall use all Commercially Reasonable efforts in preparing and providing any information or data required under the ESA. To the extent that Competitive Supplier determines that any information or data provided hereunder is in error, it shall notify the Municipality and provide the correct information or data to the Municipality or its agent within a Commercially Reasonable time

12.2 POWER SUPPLY REPORT

Within fifteen (15) days of the end of the quarter, Competitive Supplier shall present a copy of the current "Disclosure Label" required by the R.I. Gen. Laws § 39-26-9 to be disclosed to their Participating Consumers which includes information pertaining to Competitive Supplier's power supply and a reasonably detailed description of the sources of Competitive Supplier's power supply used to serve Participating Consumers pursuant to this ESA, except to the extent such disclosure would violate any confidentiality obligations of Competitive Supplier.

12.3 BOOKS AND RECORDS

Competitive Supplier shall keep their books and records in accordance with any applicable regulations or guidelines of the Commission, the FERC, and any other Governmental Authority. The Municipality will have access to any reports mandated by the Securities and Exchange Commission which are available on the Internet "EDGAR" system. Upon reasonable request by the Municipality, Competitive Supplier shall provide backup for any charge under this ESA questioned by the Municipality and, unless such charge is in error, the Municipality shall be responsible for the reasonable cost of providing such information.

12.4 COPIES OF REGULATORY REPORTS AND FILINGS

Upon reasonable request, Competitive Supplier shall provide to the Municipality a copy of each public periodic or incident-related report or record relating to this ESA which it files with any Rhode Island or federal agency regulating rates, service, compliance with environmental laws, or compliance with affirmative action and equal opportunity requirements, unless the Competitive Supplier is required by law or regulation to keep such reports confidential. Competitive Supplier shall be reimbursed its reasonable costs of providing such copies.

ARTICLE 13 RESOLUTION OF DISPUTES; CHOICE OF LAW AND FORUM

13.1 CHOICE OF LAW AND FORUM

Electric Service Agreement

This ESA and the rights of the Parties shall be interpreted and determined in accordance with the laws of the State of Rhode Island without respect to conflicts-of-laws principles. Any litigation arising hereunder shall be brought solely in the appropriate federal court in Rhode Island or appropriate state court sitting in the Rhode Island county in which the Municipality is located, to whose jurisdiction the parties hereby assent, waiving all objections to venue or forum.

13.2 DISPUTE RESOLUTION

Unless otherwise provided for in this ESA, the dispute resolution procedures of this Article 13.2 shall be the exclusive mechanism to resolve disputes arising under this ESA. The Parties agree to use their respective best efforts to resolve any dispute(s) that may arise regarding this ESA. Any dispute that arises under or with respect to this ESA that cannot be resolved shall in the first instance be the subject of informal negotiations between the Parties involved in the dispute. The dispute shall be considered to have arisen when one Party sends the other Party(ies) involved in the dispute a written notice of dispute. The period for informal negotiations shall be fourteen (14) days from receipt of the written notice of dispute unless such time is modified by written agreement of the Parties involved in the dispute. In the event that the parties involved in the dispute cannot resolve a dispute by informal negotiations, the Parties may seek judicial enforcement subject to the provisions of this ESA. Notwithstanding the foregoing, injunctive relief may be immediately sought without resorting to the procedure set forth herein to prevent irreparable harm that would be caused by a breach of this ESA.

ARTICLE 14 INDEMNIFICATION

14.1 INDEMNIFICATION BY THE COMPETITIVE SUPPLIER

In addition to any other remedies available to the Municipality at law or equity, and notwithstanding any other provision contained herein, the Competitive Supplier shall indemnify, defend and hold harmless the Municipality ("Indemnified Party") and the Indemnified Party's officials, officers, employees, agents, representatives and independent contractors, from and against any and all costs, claims, liabilities, damages, expenses (including reasonable attorney's fees), causes of action, suits or judgments, incurred by, on behalf of or involving any one of the foregoing parties to the extent arising directly from or in connection with (i) any material breach by Competitive Supplier of its obligations, covenants, representations or warranties contained in this ESA and not resulting from the actions of the ISO, Local Distributor, the Municipality or its employees or agents, or (ii) any action or omission taken or made by the Competitive Supplier or its Associated Entities in connection with Competitive Supplier's performance of this ESA.

14.2 NOTICE OF INDEMNIFICATION CLAIMS

If the Municipality seeks indemnification pursuant to this Article 14, it shall notify

Electric Service Agreement

Competitive Supplier of the existence of a claim, or potential claim as soon as practicable after learning of such claim, or potential claim, describing with reasonable particularity the circumstances giving rise to such claim. Upon written acknowledgment by the Competitive Supplier that it will assume the defense and indemnification of such claim, the Competitive Supplier may assert any defenses that are or would otherwise be available to the Municipality.

14.3 SURVIVAL

Notwithstanding any provision contained herein, the provisions of this Article 14 shall survive the termination of this ESA.

14.4 DUTY TO MITIGATE

Each Party agrees that they have a duty to mitigate damages and covenant that they will use Commercially Reasonable efforts to minimize any damages they may incur as a result of the other Party's performance or non-performance of this ESA.

ARTICLE 15 REPRESENTATIONS AND WARRANTIES

- d) subject to the conditions set forth in Article 2.4, this ESA constitutes a legal, valid and binding obligation of the Competitive Supplier enforceable against it in accordance with its terms, and the Competitive Supplier has all rights such that it can and will perform its obligations to the Municipality in conformance with the terms and conditions of this ESA, subject to bankruptcy, insolvency, reorganization and other laws affecting creditor's rights generally and general principles of equity;
- e) no Bankruptcy is pending against it or to its knowledge threatened against it;
- f) none of the documents or other written information furnished by or on behalf of Competitive Supplier to the Municipality pursuant to this ESA, contains any untrue statement

Electric Service Agreement

A certificate that each such insurance coverage is in force and effect, and listing the Municipality as an additional insured on all policies under this ARTICLE 15, shall be submitted fifteen (15) days after the Effective Date and thereafter whenever renewed or requested by the Municipality. All insurers must be notified that the insurance policies must provide that a copy of any notice of cancellation or non-renewal will be sent to the Municipality.
