The following chart is intended to quickly communicate how the Community Choice Electricity Aggregation programs differ from each other. As the City of Central Falls was the first to be filed with the Commission, it will be used as a baseline for comparison. Each subsequent program will include how it may have altered some aspect of its program function from the previously filed plans.

<u>Municipality</u>	<u>Org. Structure</u>	<u>Supply Offerings</u>	<u>Education and Outreach</u>
Central Falls	<ol style="list-style-type: none"> 1. <u>City Council</u> - Empowered to approve plan, delegate authority to sign Electricity Services Agreement, and make program amendments. 2. <u>Mayor</u> - Holds delegated authority to execute plan. Directed to convene advisory committee to provide oversight and work with consultant to day-to-day management. Required to provide, at a minimum, annual reports to Council on program operations. 3. <u>Consultant</u> - Conducting bidding process. Execute public education and opt-out plan. Direct contact with National Grid. Day-to-day management of program. 	<ol style="list-style-type: none"> 1. <u>Standard Product</u> - Also referred to as "Local Green." Central Falls consumers will have to actively select this product. 3. <u>Local Green 100%</u> - For consumers opting this product, the program shall purchase additional, voluntary RECs equal to 100% of their electricity usage. Central Falls consumers will have to actively select this product. 	<ol style="list-style-type: none"> 1. Will utilize Pawtucket Times as the newspaper of record. 2.
