At this hearing, the PUC will examine the propriety of a petition by the Town of Barrington for approval of a proposed Community Electricity Aggregation Plan (Plan) submitted pursuant to R.I. Gen. Laws 39-3-1.2. The law enables municipal aggregation which allows a city or town to aggregate its electric load and procure electric supply from a nonregulated power producer for its residents and businesses. The purpose of the Plan is to provide universal access to new electricity supply choices for residents and businesses with the goals of delivering price stability, cost savings, and an increase in the percentage of renewable energy. The proposed Plan includes: an organizational structure of the program, its operations, and its funding; the process for establishing rates and allocating costs among participants; the methods for entering and terminating agreements with other entities; the rights and responsibilities of program participants; and termination of the program.

The proposal is available for examination at the PUC's office. The dockets can also be accessed at <http://www.ripuc.ri.gov/eventsactions/docket/5047page.html>. Reference is also made to Chapters 42-35 and 39-1 of the Rhode Island General Laws.
