IN RE: APPLICATION FOR CERTIFICATION AS : DOCKET NO. 5068
ELIGIBLE RENEWABLE ENERGY RESOURCE :
FILED BY SANFORD AIRPORT SOLAR, LLC :
NEW GENERATION :

ORDER

On September 2, 2020, Sanford Airport Solar, LLC¹ (Company) filed with the Rhode Island Public Utilities Commission (PUC) an application seeking certification for its Sanford Airport Solar, LLC Generation Unit, a 49.4 MW AC (72.5 MW DC) solar energy Generation Unit located in Sanford, Maine as an eligible New Renewable Energy Resource in accordance with the PUC's Rules and Regulations Governing the Implementation of a Renewable Energy Standard (Rules) and R.I. Gen. Laws § 39-26-1.

The Company provided supplemental and clarifying information to PUC staff and their application review consultant on October 6, 2020 in response to the application review consultant's request for said information on October 2, 2020. The said supplemental and clarifying information included: a) verification of facility address, and b) clarification of GIS Asset ID number.

After examination, the PUC is of the opinion that the application is proper, reasonable, and in compliance with the Rules and hereby grants the Company certification as an eligible renewable energy resource pursuant to R.I. Gen. Laws § 39-26-1.² The PUC's determination in this docket is based on the information submitted by

the Company and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is hereby

(23932) ORDERED:

1) The Sanford Airport Solar, LLC Generation Unit meets the requirements for eligibility as a New, Solar Renewable Energy Resource with its 49.4 MW AC (72.5 MW DC), Grid-Connected Generation Unit having a Commercial Operation Date not yet reached and located within the NEPOOL control area in Sanford, Maine

2) As a Generation Unit which has not yet achieved Commercial Operation, eligibility is granted with a conditional requirement that the Company provide the PUC with written documentation verifying Commercial Operation, and provide evidence of the Generation Unit's NEPOOL GIS Asset Identification Number designation, when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date and GIS Number, PUC staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number for the Company's Generation Unit.

4) The facility's Renewable Energy Certificates (RECs) become Rhode Island-eligible effective on the first day when the Rhode Island certification number is issued. All RECs associated with the production of eligible energy that are minted on or after the Effective Date are eligible for the Renewable Energy Standard.

5) Although the PUC will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting on its behalf, to conduct audits or site visits to assist in verification of continued eligibility for and compliance with Rhode Island Renewable Energy Standard Certification at any time, at the PUC's discretion.

6) The Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON OCTOBER 28, 2020
PURSUANT TO AN OPEN MEETING DECISION ON OCTOBER 28, 2020.
WRITTEN ORDER ISSUED OCTOBER 29, 2020.
