IN RE: APPLICATION FOR CERTIFICATION AS : DOCKET NO. 5116
ELIGIBLE RENEWABLE ENERGY RESOURCE FILED :
BY CASSADAGA WIND, LLC - NEW GENERATION :

ORDER

On January 15, 2021, Cassadaga Wind, LLC¹ (Company) filed with the Rhode Island Public Utilities Commission (PUC) an application seeking certification for its Cassadaga Wind, LLC Generation Unit, a 126 MW wind energy Generation Unit located in Sinclairville, New York, as an eligible New Renewable Energy Resource in accordance with the PUC's Rules and Regulations Governing the Implementation of a Renewable Energy Standard (Rules) and R.I. Gen. Laws § 39-26-1.

The Company provided supplemental and clarifying information to PUC staff and their application review consultant on March 22, 2021 in response to the application review consultant's request for said information on February 18, 2021. The supplemental and clarifying information included: a) clarification regarding business organization of owner, b) clarification regarding other state certifications as a Renewable Energy Resource, c) information related to metering arrangements and reporting of energy output, d) evidence of Board Vote for Authorized Representative, and e) clarification regarding referenced Purchase Power Agreement in force.

After examination, the PUC is of the opinion that the application is proper, reasonable, and in compliance with the Rules and hereby grants the Company certification as an eligible renewable energy resource pursuant to R.I. Gen. Laws § 39-26-1.² The

² Pursuant to Section 2.6 and other relevant Sections of the Rules, a thirty-day period for public comment was provided during which time no such comments were received.

PUC's determination in this docket is based on the information submitted by the Company and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is hereby

(24021) ORDERED:

1) The Cassadaga Wind, LLC Generation Unit meets the requirements for eligibility as a New, Wind Renewable Energy Resource with its 126 MW, Grid-Connected Generation Unit having a Commercial Operation Date not yet achieved³ and located adjacent to the NEPOOL control area, in Sinclairville, New York.

2) As a Generation Unit which has not yet achieved Commercial Operation, eligibility is granted with a conditional requirement that the Company provide the PUC with written documentation verifying Commercial Operation along with evidence of the Generation Unit's NEPOOL GIS Asset Identification Number designation when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date, and GIS Number, PUC staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number for the Company's Generation Unit.

4) The facility's Renewable Energy Certificates (RECs) become Rhode Island-eligible effective on the first day when the Rhode Island certification number is issued. All

³ Anticipated Commercial Operation Date of March 31, 2021.

RECs associated with the production of eligible energy that are minted on or after the Effective Date are eligible for the Renewable Energy Standard.

5) Although the PUC will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting on its behalf, to conduct audits or site visits to assist in verification of continued eligibility for and compliance with Rhode Island Renewable Energy Standard Certification at any time, at the PUC's discretion.

6) The Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON MARCH 29, 2021
PURSUANT TO AN OPEN MEETING DECISION. WRITTEN ORDER ISSUED
APRIL 5, 2021.
