

Melissa Carter, PM/CM Planning and Design Manager

Ms. Carter joined Stantec in January 2010 as a Principal Engineer and Senior Project Manager. She was promoted to Vice President and Director of Project Management in 2015. In 2016, Ms. Carter joined the Stantec PM/CM Team as Planning and Design Manager for the Narragansett Bay Commission's Phase III CSO Facilities Program. From 1996 through 2015 prior to joining the PM/CM Team, she performed engineering and project/program management services for various municipalities and agencies in the metropolitan Atlanta area and southern New England region. Ms. Carter holds a Bachelor of Science in Civil Engineering (1995) and a Master of Science (Environmental Engineering) (1998) from the Georgia Institute of Technology. She is a Registered Professional Engineer in Rhode Island.
